26-Jan	27-Jan	28-Jan	29-Jan	30-Jan	31-Jan	01-Feb

PSIR Test Series Process

1. On test day, you will receive question paper and QCAB (Question Cum Answer Booklet) in standard UPSC format, by 9 am via email. (Model Answers will be provided later, along with evaluated copy).
2. You can either print the QCAB and write on it, or write the test on blank A4 sheets (with margins on both sides)
3. Aspirants should scan and send the written test on testseries@politicsforindia.com
4. You will receive evaluated copy + model answers, within 7 days of your submission.
5. While we encourage you to write tests according to given schedule, **there is flexibility in test submission**. You can write any / all tests maximum by 31st January 2026. No extension will be provided in the last submission date.

Refund and Cancellation Policy

1. If a student chooses to cancel his/her subscription to the PSIR Test Series, a refund will be processed in proportion to remaining tests, limited to 80% of the total amount paid. i.e. $\text{Refund} = (\text{remaining tests} / \text{total tests}) \times \text{fees paid} \times 0.80$
2. Please note that **no refund will be provided** for tests that have already been made available or remain unwritten, regardless of whether they were accessed or attempted.
3. We understand that not every enrolled student is able to write all the tests. In recognition of this, we have already priced the test series lower than the market —effectively passing on the benefit of non-attempted tests to you upfront. Consequently, the cost of unwritten tests has already been factored in, and refunds for such tests will not be possible.
4. Force Majeure - In the event of unforeseen circumstances beyond our control—such as natural disasters, internet/server disruptions, legal restrictions, pandemics, or any other force majeure event—we reserve the right to reschedule or adjust the test series delivery. While we will make every reasonable effort to fulfill our commitments, no refunds or compensations will be provided for delays or disruptions arising due to such events.
